Superior hanging technology

QF100

The QF100 was introduced to work on most light hanging applications. It can be used to hang fluorescent lights, speakers, busbar and cable tray to name just some of the applications

QF1050

While significantly smaller in size and with a lower safe work load limit than the QF200, the QF150 can be used to hang heavy cable baskets and HID lights

QF200

The largest of the Q-Flex series with the highest safe work load limit, the QF200 is perfect for hanging sound systems and heavy cable trays

Q-flex ends

TIE WIRE END

Tie wire ends are a simple drill and hammer masonry anchor system

LOOP END

The loop end provides a fast & simple method to loop over purlins without the need for any fixing.

SHOT FIRE END

The fastest way to fix to bondek type surface using a powder actuated gun.

CLIP END

The clip uses a traditional purlin clip for securing lighting or cable tray to the lip of a purlin.

THREAD END

Suitable for concrete, lindapter wedges, busbar, lighting trunking, ducting, cable management and signage.

DECK END

Suitable for decking applications for structural metal decks and other steel decking types.

The Q-Flex system includes fixings and sizes to support all mechanical services including square and round duct work, fan coil units, chiller beams, plenums, pipe work and other related items into or onto any surface, whether it be concrete, bondek, purlins or beams.

TOGGLE END

The system consists of wire and Q-Flex with a toggle termination.

ANGLE END

Suitable for concrete slab, metal decking and other steel structures, wooden structures.

TRAPEZE CLIP

Tie wire ends are a simple drill and hammer masonry anchor system

SNAP END

For snapping onto purlin hangers, chilled beams, lighting, heating panels, signage, attached to existing structures

Tools

Tensioning Tool

Heavy Duty Wire Cutters

Product	Typical Application	Wire rope diameter	Load rating
QF100	Lights, Speakers, Cable tray	2.0mm	5-55 kg
QF150	Heavy cable basket, HID Lights	3.0 mm	12-120 kg
QF200	Sound system, Heavy cable tray	4.0 mm	25-180 kg

Drillfast also sell a complete range of accessories for the Q-Flex system. Ask us what is most suitable for your next project.

The Q-flex system continues to innovate with more flexibility built-in to every clip
