HANGERMATE™

FEATURES:

- ETA approved for cracked and uncracked concrete.
- ETA approved for seismic loading.
- ETA approved for redundant non-structrul applications (6mm).
- F120 fire rated.
- Ratchet teeth on the underside of the hex washer head lock against the fixture.
- Removable and vibration resistant.
- Low installation torque.
- Fast installation with immediate high strength loading.
- No expansion forces.
- Can be installed closer to the edge than traditional mechanical anchors.

The **HANGERMATE™** is a state-of-the-art product line of heavy duty screw anchors which is available with a wide variety of head types.

The one piece design makes it is easy to install and the preferred choice for fast but reliable anchoring which is also fully removable.

This anchor is designed to resist structural and non-structural loading in cracked and uncracked concrete.
