PRODUCT DESCRIPTION

Ideal for casting-in pipework to significantly reduce costs:

- Increases the speed of installation
- Eliminates additional penetrations
- Reduces under slab clipping and lagging
- Increases head height below soffit

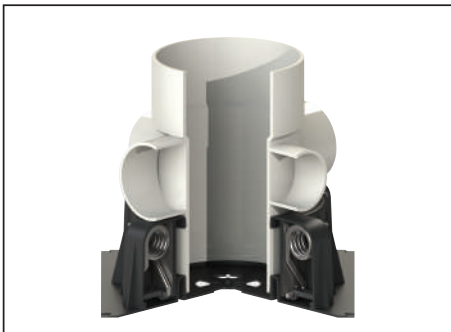

Perfect for:

- Laundry and bathroom installations
- Balcony outlets
- Water meter cupboard drains

Extremely versatile:

- Any number of branches of the 4-way riser can be used as Floor Wastes or Stacks in any combination
- The central pipework can be either a Floor Waste or Stack
