THE DRILL

Product Name: Blockset
Product Code: 42191594

Scan the code to see
how easy it is to install

PRODUCT FEATURE

Blockset is a quick-installation element for efficiently mounting pipe clamps. The installation is simple, just insert the Blockset into the channel; tighten nut and the job is done!

Dismounting takes place in reverse order by turning the to the left and exerting light pressure on the grooved rod in channel.
