

**POLYBLOCK**

# WHEN YOU NEED THE ULTIMATE PIPE SUPPORT

## DESCRIPTION

POLYBLOCK® by Drillfast maximizes the value of your commitment to sustainability. POLYBLOCK® stands apart as forward looking solution for energy efficiency and Green Star rating for pipe supports by claiming a Volatile Organic Compound (VOC) of zero and insulating properties >R5.

POLYBLOCK® has been designed with the installer in mind. With the high stress foil vapor seal covering the lightweight rigid structure, POLYBLOCK® comes as a 1.2mtr length and is easily cut to the desired size, making it the contractors choice for efficiency of installation and efficient use of materials.

## FEATURES

- VOC of zero
- Excellent insulation properties >R5
- Fire resistant to DIN 4102 B3
- Working temperatures -50°C to 95°C
- Handles compressive stress at 10% deformation:
  - Parallel to rise 1250kPa
  - Perpendicular to rise 745 kPa
- Foil faced
- Easy to cut
- All pipe and insulation sizes available
