SAFER THAN EVER BEFORE

The secure storage cabinet designed to keep the 'copper thieves' at bay! The high value of copper fittings and cabling means that theft is on the rise, with criminals targeting construction sites on a daily basis. Don't make it easy for them! FittingStor is designed to secure all your costly components and tools in one safe, easily portable location. Featuring removable shelves (FC3 & FC4), optional removable fittings bins and heavy duty castors for ease of movement, this innovative product is in high demand among site contractors.

Heavy-duty doors with fixed hinges and secluded anti-jimmy protection

Keyed alike 5-lever deadlocks for ultimate security

Ideal for storing copper parts and mechanical components, keeping them secure.

Complete with three removable shelves with welded in compartments

Storage compartment in the base for larger tools and equipment

Code	Weight	External Dimensions W x D x H (mm)	Internal Dimensions W x D x H (mm)
