SAFE PALLET SKATE

When you haven't got a forklift handy, Flexikart steps in as a safe, multi-purpose folding pallet skate. With a 1200kg payload, this super-neat and sturdy trolley is ideal for moving materials around busy construction sites and storing them off the ground throughout. The unit can comfortably accommodate 1200x1000 pallets. Plus, four folding arms can extend to accommodate longer items, such as boards or ducting. Four swivel castors (two braked) means the unit is easily manoeuvred in any direction, whilst lashing rings ensure you don't lose your load.

A robust pallet skate which increases safety and reduces physical strain when manoeuvring loads manually

The FlexiKart can accommodate larger loads, or long loads such as metal beams, wood, pipe, conduit and other materials

Built in lashing points allow loads to be secured, which safely prevents them falling off when manoeuvring

Four swivel castors (two are braked), allow the FlexiKart to be easily moved in any direction

Code	Weight	External Dimensions W x D x H (mm)	Internal Dimensions W x D x H (mm)
30AFK4	84kg	Folded = 1269 x 1172 x 391 Unfolded = 1269 x 1172 x 1202	N/A
