

PLATFORM LADDERS

HIGH PERFORMANCE PLATFORM LADDERS

Finally a ladder that performs everytime and can take the punishment thrown at it from job site to job site.

Work with ease and security with the large anti-skid platform with raised edges so your not tempted to take that one step too far.

Built to AS/NZS 1892 standard, we guarantee the quality and workmanship of this ladder for 12 months.

These ladders can also have additional options such as wheels, hand rail and more.

Plain Aluminium version

Quality Build for long life

Large anti-skid work platform with raised edges

Welded back leg for greater strength and rigidity

Replaceable rubber feet

As with all ladders please observe the max capacity with is you plus your tools. Make sure ladder is fully extended and secure before using. Drillfast take no responsibility for injury ordamage to property through misuse of these ladders
