MORE ENERGY

The secure powered locker for safe, segregated battery charging. Power tools and mobile devices are especially vulnerable to theft when being charged on site. Drillfast's secure battery charging locker bank allows you to charge your equipment unattended, confident in the knowledge that it is safe from thieves. Specially designed for charging power tools, mobile phones and devices and other electrical devices; the Powerstation is ideal for use in the site office. Each locker features 6 or 10 separate Powerstation compartments, each containing a double socket.

Designed for charging power tool batteries, mobile phones and other electrical devices, whilst keeping them secure

Perforated doors for visibility and ventilation

Each compartment contains a 240v double socket

Comes with fixing kit to join multiple PowerStations together

Code	Weight	External Dimensions W x D x H (mm)	Internal Dimensions W x D x H (mm)
30APWS6	27kg	300 x 450 x 1800	One compartment = 295 x 425 x 275
30APWS10	41kg	455 x 430 x 1705	One compartment = 220 x 305 x 305
