MORE THAN JUST A TOOL BOX

Drillfast is always innovative, and the Vault Box is no exception. There's no longer a need to waste time locking batteries and tools in the site office because you'll have the Vault Box. With its extremely durable casting and its internal power supply, the Vault Box is the tradies must have on any site!

4 x double GPO'S power with a fully approved switch and RCD protection

Weather resistant against the elements and power coated for longer durability

2 x USB ports for charging your phone or tablet

Can be left on site locked away safe, saving time on pack-up and set-up on return

Easy to move around and everything you need close-by
